

CPH Cattle seminar Tuesday the 14th of April 2026 in Svanebiblioteket
University of Copenhagen, Frederiksberg Campus, Grønnegårdsvej 7, 1st floor + Zoom (link below)

8:30-9:00 Arrival: Get your nametag, parking permit (if needed), registration and coffee

Time	Presenter	Title
9:00-9:10	Kirstin Dahl-Pedersen Associate professor, IKV-KU-SUND	Welcome - and short introduction to current challenges in cattle production
Session 1: Research on infections in calves and HPAI (chair: Nina Dam Otten, IVH-KU SUND)		
9:15-9:30	Nicole Bakkegård Goecke Assistant professor, IVH-KU SUND	Important viral infections in Danish calves
9:30-9:45	Mattia Pirolo Assistant professor, IVH-KU SUND	Nasopharyngeal microbiome distinguishes acute and chronic bovine respiratory disease
9:45-10:00	Rosalina Molberg Rotovnik PhD fellow, IVH-KU SUND	Shedding Light on Cryptosporidium in Calves: Epidemiology in Three Dairy Herds
10:00-10:30	You Chang and Yangfan Liu Postdocs, IVH-KU SUND	Modeling the spillover risk of highly pathogenic avian influenza from wild birds to cattle in Denmark and potential spatiotemporal risk of introduction through contaminated environment

10:30-10:45 Coffee break

Session 2: Research on sustainability in cattle production (chair: Svenja Woudstra, IVH-KU SUND)

10:45-11:00	Roi Mandel Briefer (master students?) Assistant professor, IVH-KU SUND	How social connections of free-ranging cattle shift before calving, after calving, and after calf removal
11:00-11:15	Luiz Pereira Associate professor, IVH-KU SUND	What Is the Right Way to Produce? Leveraging Data Science to Guide Us
11:15-11:30	Dima Farra PhD fellow, IVH-KU SUND	Variation in Greenhouse Gas Emission Estimates Across Dairy Farm Models Using Danish Farm Accountancy Data
11:30-12:00	Peter Lund Professor, AU	How to reduce enteric methane from dairy cows

12:00-12:30 Lunch break, sandwiches

Session 3: Research on challenging production diseases in cows (chair: Mette Bisgaard Petersen, IKV-KU SUND)

12:30-12:45	Nynne Capion Associate professor, IKV-KU SUND	Identifying digital dermatitis resistant dairy cows
12:45-13:00	Sofie Kroman Assistant professor, IVH-KU SUND	E. coli mastitis – who killed the cow
13:00-13:15	Amalie Camilla Pedersen PhD fellow, IVH-KU SUND	Longitudinal monitoring of parasite infections in beef cattle kept in large-scale grazing areas

13:15-13:25 Coffee break

Session 4: Future perspectives on cattle farming - Right way to produce? (chair: Liza Rosenbaum Nielsen, IVH-KU SUND)

13:25-14:05	Niels Hedermann Farmer	Fremtidens landbrug med nutidens forventninger
14:05-14:45	Henrik Hagbard DVM, PhD, Naturplejedyrlægen ApS	Livestock in Ecological Restoration in Denmark with a Focus on Cattle

14:45-15:00 Coffee break

15:00-15:40	Christian Gamborg Professor, IFRO-KU SCIENCE	The acceptability of using cattle in rewilding projects - Results from a survey of the Danish public and the ethical challenges
15:40-15:50	Liza Rosenbaum Nielsen Professor, Head of CPH Cattle, IVH-KU SUND	Wrap up of discussion and CPH Cattle seminar

16:00-17:30 The exhibition 'Production animals: a gallery for the art of the possible' has a guided tour, but you need to register: <https://vetschool.ku.dk/om/produktionsdyr/>

The meeting will be held as a hybrid meeting (choice between physical or online participation)

Registration for the seminar can be made here, before 7th of April 2026

Online participation:
